ULTRA TOOLS

The ULTRA brand has been established in 1923 in France by Pierre Demurger. The main line of production was that of saw blades and related products.

In 1950 ULTRA became the first French producer of mechanical saw cutters. In 1964 the export department was established, since than the company started to export mainly to to all European contries, Asia and Africa. In 1996 the company was awarded the ISO 9001 Certification.

Ultra Brand has been locally established since 1975, since than the Ultra blade has become a house hold name in the metal cutting industry. The range of ULTRA products include Hacksaw Blades and Frames, Jig saw Blades, Riciprocating saw Blades, Industrial Machine Blades, Boring Tools, Holesaw, Conical Reamers and Screw Driver Bits.

This single-minded devotion in the production of metal cutting tools has led to some unique innovations over the years. Mostly it has led to a relentless march to improve value. ULTRA are constantly looking for ways to build even more durability into our blades. The result is a collection of high value blades that top the charts in performance and quality. These blades are used by industrial, construction, and demolition companies worldwide. The state-0f-the-art manufacturing plant is totally integrated and ULTRA customers will ultimately get the benefits- this is the way ULTRA operates.
